Mirpur, AJK

OBJECTIVE

Seeking a leading position that allows me to use my education and work experience and make it possible to use my well-built organization skills and capability to work and fit with people.

EDUCATION HISTORY

O BE in Telecommunication engineering.
Nov 2023 (CGPA 3.02)

Dawood university of engineering and technology
Karachi, Pakistan
Suffa Science College kotli, AJK

O Intermediate (Pre-Eng)
Oct 2019 (71%)

O Matriculation
Aug 2017 (81%)

Zia Public High School Sargodha,
Pakistan

Work Experience

O JULY 2024 – Present

LAN Administrator, MUST Mirpur, AJK

Currently I am an internee at MUST (Mirpur University of Science and technology) as a Local Area Network Administrator.

- Configured and managed network hardware, including routers, switches, and servers.
- Monitored network performance and security to ensure smooth operation.
- Diagnosed and resolved connectivity issues and hardware failures.
- Provided user support for network-related inquiries and resource access.
- Implemented security measures to protect the network from unauthorized access.
- Maintained clear documentation of network configurations, changes, and policies.

O Aug 2023 – SEP 2023

Tech support engineer, Storm fiber

I had 2 months' experience in Storm Fiber as a technical support engineer.

- Identified and resolved internet connectivity issues, both physical and logical.
- Troubleshoot hardware problems to ensure the best performance.
- Monitored network performance to enhance efficiency.
- Gained ability in telecommunications technologies and solutions.

○ DEC 2022 – DEC 2022

TRAINEE, Radio Pakistan

I did my internship there for two weeks as a trainee.

- Worked in the transmission domain, gaining insights into frequency and its practical applications.
- Learned about the usage of frequency in real-world scenarios.

PROFESSIONAL SKILLS

- Telecommunication Protocols & Standards
- Network Design & Implementation
- Network Security
- Wireless Communication
- Fiber Optics & Cable Networks
- Network Management & Monitoring
- Voice, Data, & Video Transmission
- Data Center & Cloud Networking
- Automation & Scripting
- Soft Skills

FINAL YEAR PROJECT

- “Analysis of precise positioning and accuracy in urban environment through GNSS/GPS”
- I led my project as a group leader.

COURSES & SOFTWARES

- CompTIA Network
- CCNA
- Cisco Packet Tracer
- IOT and Digital transformation

Languages

- English – Fluent/Professional
- Urdu – Fluent/Native
- Punjabi – Fluent/Native
- Hindi- Fluent

CO & EXTRACURRICULARS

- Cricket
- Badminton
- Hiking
